## Responses

### Matters relating to Registration

#### Transition period

**Question 1.**

Do you consider that the proposed transition period of 18 months is sufficient to enable existing industrial and provident societies to either register as co-operatives or pursue an alternative option? If not, please suggest an alternative timeframe and provide a supporting rationale.

**Response:**

A period of 24 months would be more helpful period of time for existing industrial and provident societies to register as co-operatives under the new legislation.

#### Expanding the categories of members who can set up co-operative societies

**Question 2.**

Please set out your views on the proposal to expand the categories of members who can form a co-operative society to include companies? If not in agreement, please set out your reasoning.

**Response:**

This would probably not occur frequently. It should be permitted to allow companies to become members of co-operatives.

#### Content of rules

**Question 3.**

Are there any other matters that should be included in the list of matters set out in legislation that must be dealt with by the rules of a co-operative society? Please provide supporting rationale for any such additions.

No

## Matters relating to Shares

### Legal Reserve

#### Question 4.

Please set out your views on the proposed approach to the legal reserve.

#### Response:

We agree with the proposed approach that co-operatives amass a legal reserve. We believe that this should contribute to the common purpose of the co-operative being realized. In addition, reserves cannot be distributed to the members.

### Nomination regarding transfer of property in the event of death of a member

#### Question 5.

Are the provisions on nomination regarding the transfer of property in the event of the death of a member considered useful and worth retaining in the proposed legislation? Please provide rationale in support of your response.

#### Response:

We believe that the provisions regarding transfer of property in the event of the death of a member should be retained.

## Matters relating to Corporate Governance

### Minimum number of directors

#### Question 6.

Do you support the proposal in relation to the minimum number of directors (at least one director for co-operatives with less than 10 members and at least three directors for larger co-operatives)? Please provide a rationale in support of your response.

#### Response:

We believe that there should be a minimum of three directors required to form a co-operative. However, we do not agree with the proposal of one director for any co-operative, even in the case of three members. The proposal would run contrary the principle of democratic control .

### **Approval of Special Resolution**

#### **Question 7**

Do you support the proposal to provide for a single general meeting for the consideration of special resolutions, subject to the approval of at least 75% of members entitled to vote at the meeting?

#### **Response:**

We do not agree with this proposal. We believe that two general meetings should be allocated for the consideration of special resolutions. In addition, we believe that members are given ample time to consider the advantages and disadvantages of adopting the special resolution between the meetings. Indeed, members should be provided with the above information in writing.

## **Matters relating to Financial Statements, Annual Returns and Audit**

### **Audit exemption criteria**

#### **Question 8.**

Do you agree with the approach set out in relation to eligibility for audit exemption and the proposed thresholds? If not, please set out your proposal, together with a rationale for same.

#### **Response:**

We agree with the introduction of an audit exemption.

### **Decisions regarding Audit Exemption**

#### **Question 9.**

Do you support the proposal to require eligible co-operatives to provide for audit exemption in their rules? Do you support the proposal that a decision to avail of audit exemption can be

reversed if supported by at least 10% of the members, entitled to vote at a general meeting?  
Please provide a rationale in support of your responses.

**Response:**

We agree that co-operatives are eligible to seek audit exemptions. We believe that the membership should have the option to reverse the audit exemption.

**Abridged financial statement criteria**

**Question 10.**

Do you agree with the proposal to provide for the filing of abridged financial statements with the Registrar in relation to small co-operatives and, if so, the eligibility thresholds set out? If not, please set out your proposal, together with a rationale for same.

**Response:**

We agree with the above proposal.

**Certain exemptions in relation to financial statements**

**Question 11.**

Do you agree with the proposal to provide for certain exemptions in relation to financial statements for small co-operatives and, if so, the eligibility thresholds set out? If not, please set out your proposal, together with a rationale for same.

**Response:**

We agree with the above proposal.

**Opportunity to provide additional observations**

**Question 12.**

Please provide any additional comments you may wish to make to inform the completion of the legislation regarding Co-operative Societies.

**Response:**

We believe that the term *constitution* should replace the term rulebook as it is more in line with the democratic ethos of co-operatives.

Research published in international peer reviewed journals highlights that co-operatives encounter barriers to accessing capital. We believe that there should be no restrictions placed on co-operatives to raise capital from their members
