Matters relating to Registration

Transition period

Question 1.

Do you consider that the proposed transition period of 18 months is sufficient to enable existing industrial and provident societies to either register as co-operatives or pursue an alternative option? If not, please suggest an alternative timeframe and provide a supporting rationale.

Response:

18 months appears sufficient. Regardless of the time frame the work involved will fill the time.

Expanding the categories of members who can set up co-operative societies

Question 2.

Please set out your views on the proposal to expand the categories of members who can form a co-operative society to include companies? If not in agreement, please set out your reasoning.

Response: This applies to our situation as we are a company. It creates an open platform for co-operatives to be a default model.

Content of rules

Question 3.

Are there any other matters that should be included in the list of matters set out in legislation that must be dealt with by the rules of a co-operative society? Please provide supporting rationale for any such additions.

Response:

These appear comprehensive.

Matters relating to Shares

Legal Reserve

Question 4.

Please set out your views on the proposed approach to the legal reserve.

Response:

Agree

Nomination regarding transfer of property in the event of death of a member

Question 5.

Are the provisions on nomination regarding the transfer of property in the event of the death of a member considered useful and worth retaining in the proposed legislation? Please provide rationale in support of your response.

Response:

Agree

Matters relating to Corporate Governance

Minimum number of directors

Question 6.

Do you support the proposal in relation to the minimum number of directors (at least one director for co-operatives with less than 10 members and at least three directors for larger co-operatives)? Please provide a rationale in support of your response.

Response:

The reduced number of members to set up a co-operative is also a welcome proposal. Logistically it will drive the momentum of co-operatives forward.

Approval of Special Resolutions

Question 7.

Do you support the proposal to provide for a single general meeting for the consideration of special resolutions, subject to the approval of at least 75% of members entitled to vote at the meeting? Please provide a rationale in support of your response.

Response:

Yes. Logistically now with online methods this can be done readily

Matters relating to Financial Statements, Annual Returns and Audit

Audit exemption criteria

Question 8.

Do you agree with the approach set out in relation to eligibility for audit exemption and the proposed thresholds? If not, please set out your proposal, together with a rationale for same.

Response:

The eligibility and thresholds are reasonable and recognise the financial burden of audits

Decisions regarding Audit Exemption

Question 9.

Do you support the proposal to require eligible co-operatives to provide for audit exemption in their rules? Do you support the proposal that a decision to avail of audit exemption can be reversed if supported by at least 10% of the members, entitled to vote at a general meeting? Please provide a rationale in support of your responses.

Response:

As a co-operative grows it is a good opportunity to build trust in the systems and governance. 10% of members is a sizable yet achievable amount to elicit change should the system not be working appropriately and audit required.

Abridged financial statement criteria

Question 10.

Do you agree with the proposal to provide for the filing of abridged financial statements with the Registrar in relation to small co-operatives and, if so, the eligibility thresholds set out? If not, please set out your proposal, together with a rationale for same.

Response:

This is fair

Certain exemptions in relation to financial statements

Question 11.

Do you agree with the proposal to provide for certain exemptions in relation to financial statements for small co-operatives and, if so, the eligibility thresholds set out? If not, please set out your proposal, together with a rationale for same.

Response:

It is reasonable to allow the growth and experience of co-operatives until they reach thresholds that warrant further detail

Opportunity to provide additional observations

Question 12.

Please provide any additional comments you may wish to make to inform the completion of the legislation regarding Co-operative Societies.

Response:

This is timely information for us as an organisation and we welcome the outcome!
