

DECLARATION ON SAFE SOLUTION

I/We (*Name of Project Supervisor for the Design Stage*) having been appointed as the Project Supervisor for the Design Stage in accordance with the provisions of Regulation 6 of the Safety, Health and Welfare at Work (Construction) Regulations 2013 (S.I. No. 291 of 2013) for the construction project at (*details of location of construction project*) :

hereby declare that

- (i). it is impossible to carry out the lift installation at (*details of location of lift within the construction project*) in compliance with the provisions of Regulation 7 and clause 2.2 of Schedule 1 of the European Union (Lifts and Safety Components for Lifts) Regulations 2017 (S.I. No. 232 of 2017) and therefore an application for a derogation from these provisions is being made.
- (ii). an alternative technical solution has been identified and the installation will be in compliance with the provisions of the technical standards.

I/We make this declaration in the full knowledge that any derogation granted by the Minister for Business, Enterprise and Innovation on foot of this application does not relieve ourselves or any other economic operator of any statutory duty set down in the European Union (Lifts and Safety Components for Lifts) Regulations 2017 (S.I. No. 232 of 2017) or any other statutory provision.
