Item 3: Digitalisation and Skills subgroup.

The Chair asked attendees to consider the future of this Subgroup. She added that the Subgroup was established to be driven by members raising issues that are relevant to the sector, while being supported by the Department of Enterprise, Trade and Employment.

Comments Arising

- Meetings of this Group have been helpful in the past to inform members of current initiatives, issues etc relevant to the digitalisation and upskilling of the retail sector
- An identified Chair of the Group could drive forward the agenda – digitalisation and skills – which are important areas of focus for the retail sector.

- There was an understanding that the Group is there to look at gaps in these areas impacting the sector and to put measures in place to respond to them. Actions arising from meetings could help members drive the agenda.
- Some members unaware of their roles and why they are there.
- It was mentioned that the Group is their subgroup.
- Understanding that the Group is facilitated by the Department of Enterprise, Trade and Employment.
- Role of Chair is important to drive agenda.
- Desire to see more sharing of information across the Retail Forum subgroups and to establish more linkages; and to get feedback from the Minister.
- Interest in recommitting to subgroup and revisiting the Terms of Reference.
- Interest in having the next subgroup meeting in-person to discuss Terms of Reference.
- Noted that at last meeting, the rotating Chair had indicated that a sub-group of members might meet to discuss issues early in 2025. That never materialised.

Actions

- Work Programme to be circulated.
- Terms of Reference to be circulated
- Invite members to submit topics for discussion
