Overview of the Microenterprise Loan Fund Scheme

The Microenterprise Loan Fund, administered by Microfinance Ireland was established as part of the Government’s Action Plan for Jobs and forms part of a suite of financial programs provided through the Department of Enterprise, Trade and Employment to assist businesses of different sizes and at different stages of development across all industry sectors.

The purpose of the Fund is to provide loans of €2,000 up to €50,000 to Micro-enterprises, both startups and existing businesses with viable businesses, who cannot obtain funding through traditional sources. (Microenterprises are defined as businesses with less than 10 employees and /or Turnover <€2m)

During the 3rd quarter of 2025, MFI continued to engage in a range of Marketing and PR initiatives.

Radio Advertising:

We ran a national radio campaign over a number of weeks in August 2025. The MFI ads were featured on national and local stations throughout the country.

Digital Advertising /social media:

We continue with ongoing promotion through our social media channels, Facebook, Instagram, Twitter, TikTok and LinkedIn to maintain strong brand awareness with digital advertising campaigns primarily focussed on Google and Facebook. Our TikTok channel while at an early stage is building momentum. We did a TikTok collaboration with a well known influencer in Q4 and this has brought more subscribers to our TikTok channel.

Events/Webinars/Sponsorships:

We continue our representation at in person events and webinars.

In Q3 we continued our collaboration on webinars with the Local Enterprise Offices which have been well attended.

We continue to have monthly webinars for anyone interested in Microfinance Ireland. These webinars continue to be well attended with good engagement from participants.

The revitalised resource hub on our website is a central repository for helpful information for businesses.

Performance:

Applications in Q3 were steady but slightly below the levels seen in the first 2 quarters. The summer months can be quieter so the slight reduction in application numbers is not uncommon. We had 352 applications in the quarter which compares favourably to the 259 applications in the corresponding period in 2024. The increase in application volume mainly reflects the increase in our maximum loan amount which came into effect in September 2024.

Our approval rate for the quarter at 36% is running below the long-term average but is continuing to be impacted by an increase in applications where not all the documentation is submitted and need to be withdrawn without being assessed. We are also seeing an increase in applications that our outside our eligibility criteria which are also withdrawn prior to assessment. We have an outreach program to encourage and assist applicants submit documentation and are reviewing other methods of assisting applicants with their applications. Our approval rate for loans that are assessed is in the mid 60% which is in line with long term averages.

Start Up's accounted for c. 39% of approvals in the quarter.

In the year to date, applications from Female business owners accounted for over 30% of all applications.

Year to date loans to businesses located outside of Dublin accounted for c. 79% of all loans which is in line with historic numbers.

Appeals Process

The purpose of the Microfinance Ireland appeals process is to support an applicant who wishes to have a review of an MFI decision to declining a loan application.

MFI will appoint an Appeal Assessor to carry out an independent review of the original loan decision. The assessor who was involved in the original decision will not be involved in the appeals process. The outcome of this review is communicated in writing to the applicant within 15 business days of receipt of the written appeal. The credit decision of the Appeal Assessor is independent of MFI management and is final. There have been 34 appeals in 2025 and 8 of these cases have been approved on appeal. These figures are included in the YTD approval figures.

Complaints

4 complaints have been received by the business in 2025

Business Failures

During 2025, 42 businesses of our borrowers have failed. While any business failure is regrettable, it was anticipated from the outset that a not insignificant proportion of projects supported by the Microfinance Ireland might fail. It is a feature of microfinance (given the higher risk profile) that even with strong business supports, failures will occur.

On an ongoing basis, Microfinance Ireland, in conjunction with other agencies, works with every customer at risk to minimise business failure.
