WORLD IS CHANGING

- **Artificial Intelligence**
- **Internet of Things**
- **Blockchain**
- **Quantum Computing**

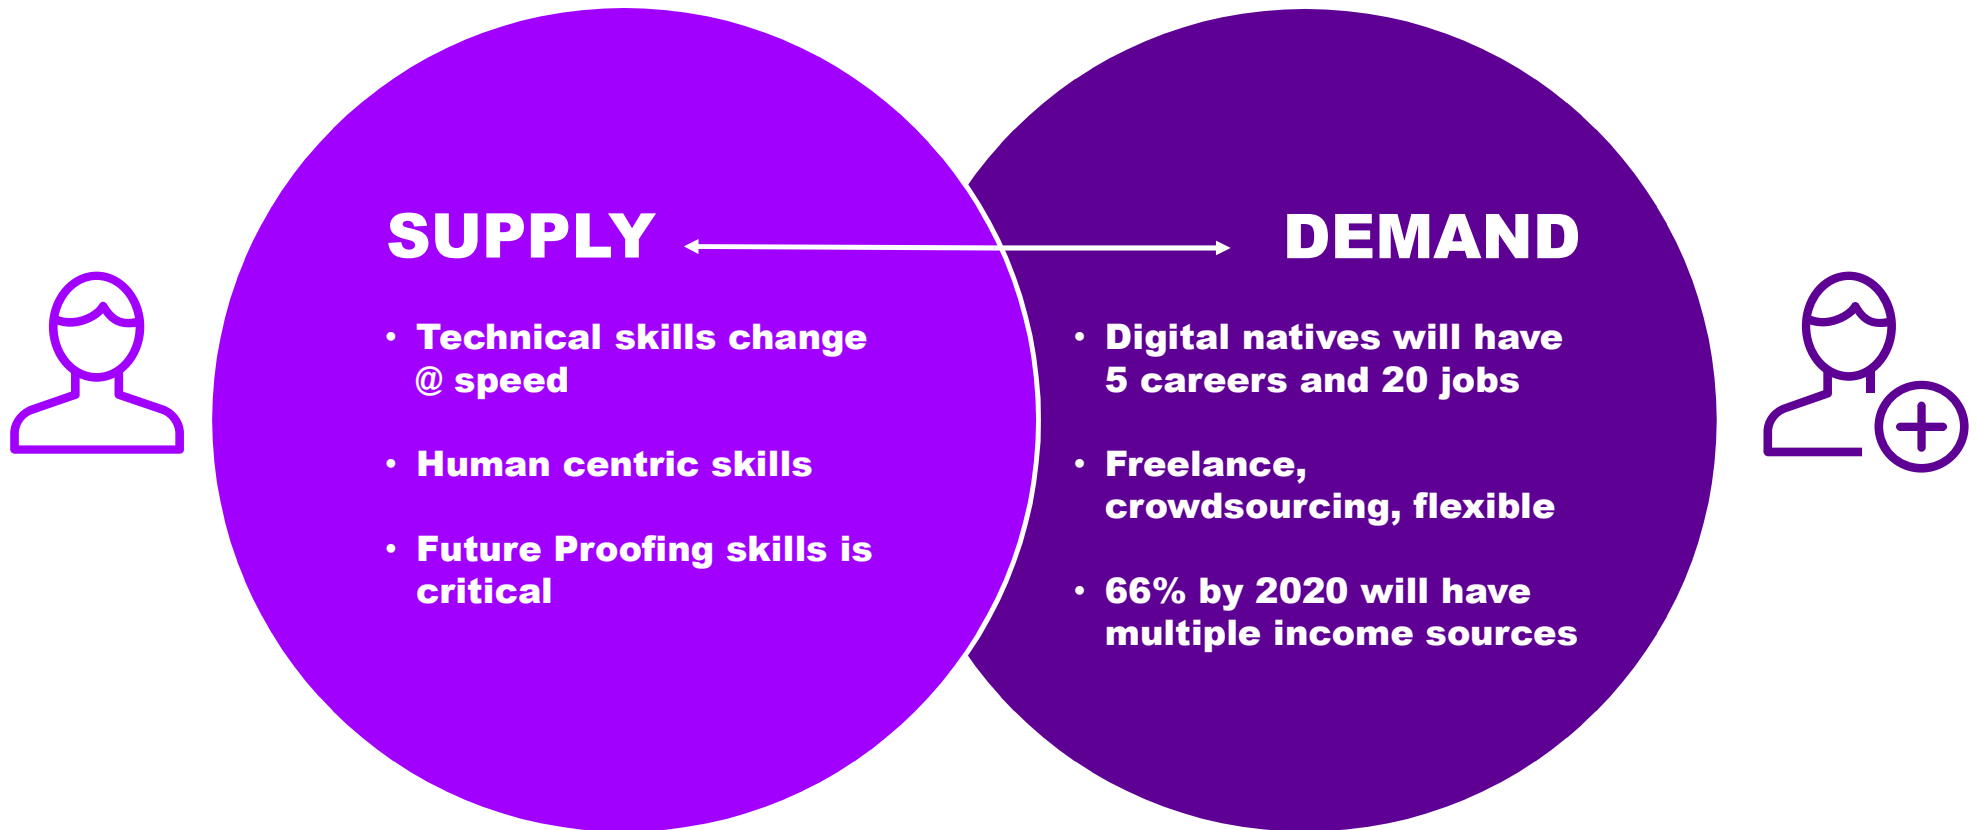

**Human Relationship with
Technology changing**

WORLD IS CHANGING

- **Half of the companies** on the Fortune 500 in 2000 have disappeared
- **Changing citizen's expectations**
- **Pace of skills obsolescence**
- **85% of the jobs** in 2030 haven't been invented yet

IMPLICATIONS ON WORKFORCE DYNAMICS

A woman and a child are looking at a laptop in a classroom setting. The woman is on the right, smiling, and the child is on the left, wearing glasses and also smiling. The background shows other students in a classroom. The entire image has a purple tint.

MY ASPIRATION FOR IRELAND

**INCLUSIVE
FUTURE
OF WORK**

**ALL WORKERS HAVE
MOTIVATION
MEANS
OPPORTUNITY**

THRIVE IN THE NEW ECONOMY

2

GOVERNMENT

HUMAN-CENTRIC, CROSS DEPARTMENTAL

NO REGRETS

1. **Lifelong learning and pathways to new employment**
2. **Avoid broader Digital Divide**
3. **Redefine full employment**

BIG BETS

1. **Future Skills assessment – opportunities and vulnerabilities**
2. **Rethink traditional learning systems**
3. **What will Ireland be famous for in 2030?**

3

ECOSYSTEM

A new Model for Partnership

Industry rethinking how to prepare workforces – link with education and government

Creating enterprise and increasing innovation – start-ups, industry, government

**THE PACE OF
CHANGE WILL
NEVER BE AS
SLOW AS IT IS
TODAY**

WE MUST ACT NOW
